Discover the fun

Explore our selection of Minigolf equipment for moments of fun and leisure!

At Lusogolfe, we've been celebrating the joy of Minigolf for over 50 years. With unparalleled experience in the design, manufacturing, and installation of Minigolf courses, we are a global reference in this sport.

Our specialized team is dedicated to creating memorable experiences. We are committed to providing not only leisure equipment but also quality standards to ensure their longevity.

In addition to a wide selection of Minigolf courses, we offer comprehensive services, from maintenance and rental to consulting and specialized training. We complement this experience with a variety of accessories to ensure that each game is unique and exciting.

Join us and discover the vibrant world of Minigolf, where fun and excitement are guaranteed with every swing!

what is minigolf?

A fun and physically healthy activity, suitable for all ages, that doesn't require any particular skill and guarantees moments of leisure and competition between those who take part.

The equipment is distinctive and versatile. It enhances the area around it, fulfilling the need to offer a stimulating and motivating practice, further promoting health and well-being.

benefits of minigolf

The most important thing about mini golf is the concentration and control of your own movements. It allows for pleasant times with the family, sharing the experience with those you love most.

Playing Minigolf stimulates focus, judgement and motor coordination, promoting self-esteem, mobility, self-confidence and concentration, as well as socialising and healthy competition.

easy golf

Transportable and easy to install, this model is ideal for transforming any space into a welcoming and fun area. Its modern and captivating design is animated by obstacles that amuse just as much the grown-ups as the children.

Perfect for transform
a small space with
reduced investment!
